

Service Information

The professionals at ebs Associates can provide you with most of the same services that you can get from your CPA for a fraction of the cost, which are included in our three core service areas:

- Full-Charge Bookkeeping
- Financial Controller Services
- QuickBooks Training/Consulting

Our services allow you to outsource your accounting and bookkeeping headaches to our experienced staff members, who are all QuickBooks Certified ProAdvisors. Whether your needs require a couple hours a week or a couple hours a month, we are on-call and ready to assist your business. Best of all, with an outsourced bookkeeper you do not need to worry about payroll taxes, healthcare, paid vacation days and other requirements for full time staff, you pay only for the services you receive. Please give us a call today to find out how we can take your bookkeeping headache away.
